

MINISTRY ACTION PLAN

In this exercise, you will assess the ministries of your church. When you look at the Y axis, think about the core purchase of your local church, not a specific ministry, Think in terms of the Great Commission, the Great Commandment, discipleship, fellowship, worship, and so on. The X axis is about ministry's effectiveness during this time. We will also pretend we have a third sloping line that reflects how strategic the ministry is during the crisis. Effectiveness should not be judged by the popularity of the ministry but by the fruit of the ministry.

MINISTRY ACTION PLAN continued

DURING THE CRISIS		AS THE CRISIS EASES		THE NEW NORMAL
